HOW TO GRADE

1 Choose a service

Simply go to thesubcenter.co.uk, click services and choose your preferred partner. There you will find information about each service level including prices, timeframes and value cover. To purchase a service level, simply click 'get started', select the quantity for each service that you require and add them to cart. Here you can add semi-rigids, holder removal service and a submission list if you want to.

2 Send us your collectibles

Once you have completed checkout, you will receive an order number. Please include this in the parcel with your collectibles. This is how we identify they are yours. Once we have unpacked and processed them you will receive an email and your order status will change to 'arrived at The Sub Center'.

Useful tip: Choosing which cards to send

Choosing which cards to send to grade is mostly down to personal preference. However, if you are looking to achieve a high grade, you will need to consider the cards centering and carefully check for any damage to the corners, edges and surface.

3 Preparing your cards

Place your cards into loose fitting clear sleeves. Then place the sleeved cards into semi-rigids. We recommend SubSafe. They're high quality, the correct size and our customers get 10% off at: www.subsafe.uk Use checkout code: **THESUBCENTER**.

*If you cannot send your cards in semi-rigids, please choose to add them at the checkout of each service and we will transfer them into loose sleeves and semi-rigids for you as this is a requirement for all three grading companies.

HOW TO SHIP

1 Protecting your cards

Please place the cards in the order that you have listed them in your submission form. Place your cards between two larger pieces of rigid cardboard and secure them.

2 Packaging

Use Bubblewrap or other packaging materials to protect your card submission. Place your cards in a sturdy cardboard box and use packing peanuts, air packets or scrunched paper to ensure they do not move about. Secure your box well with parcel tape.

*** Please remember to include your name and order number in your package.***

3 Where and how to ship

Please print the below address or write it out clearly and stick it to the box.

The Sub Center
3-5 William Street
Herne Bay
Kent, CT6 5EW

Please send your parcel with adequate insurance

If you are using Royal Mail, we recommend using Special Next day delivery to ensure your cards are tracked, insured and arrive quickly.

If you are arranging a courier service, please ensure the delivery is scheduled for Monday to Friday, between 9am - 5pm. We are closed at weekends.
